EDUCATION

Chandigarh University Online

Master in Computer Application

Aug. 2025 – June 2027

Babu Banarasi Das University, Lucknow

Bachelor in Computer Application

Aug. 2022 – June 2025

EXPERIENCE

Full Stack Developer Intern

Softpro India | [Link](#)

Feb. 2025 – May 2025

- Built full-stack applications using MERN with authentication and REST APIs.
- Implemented secure backend with JWT, protected routes, and file uploads.
- Created dynamic frontends using React Hooks and Context API.
- Managed version control with Git and tested APIs using Postman.

PROJECTS

AI Exam Note Gen. | Platform to Prepare for Exams using MERN | [Repo](#) | [Live](#)

- Built an AI-powered exam notes generation platform.
- Integrated AI APIs via OpenRouter for automated note creation.
- Implemented PDF export and a credit-based payment system.
- Integrated Razorpay for secure online transactions.
- Designed a responsive UI using Tailwind CSS.

Ann Daan | Platform to Donate Foods using MERN | [Repo](#) | [Live](#)

- Built a real-time food donation platform connecting NGOs and organizers.
- Implemented role-based access control for multiple user types.
- Enabled real-time updates using Socket.IO.
- Integrated map tracking with Leaflet for location-based coordination.
- Applied AI-based suggestions for efficient food redistribution.

Grocery App | Platform to do grocery shopping using MERN | [Repo](#) | [Live](#)

- Developed a responsive grocery shopping application.
- Implemented product browsing and cart management features.
- Integrated secure Razorpay payment system.
- Used Cloudinary for image upload and storage.
- Integrated Twilio and Nodemailer for notifications.

TECHNICAL SKILLS

Languages: JavaScript, HTML/CSS

Frameworks: React, Node.js, Next.js, Express, Tailwind

Developer Tools: Git, VS Code, Postman

Libraries: Socket.io, REST API's, Redux, Twilio, Nodemailer, Razorpay

Gen AI Tools: Open Router API Integration, Prompt Handling
